

BioTeSys receives ISO 9001:2008 recertification

Esslingen, 2014-12-08, the BioTeSys GmbH got recertificated on DIN EN ISO 9001:2008. The test laboratory for biological and chemical analyses and cell-based test systems as well as center for planning and realization of clinical trials has therefore been provably offering high quality for eleven years now.

The CEO of BioTeSys, Dr. Jürgen Bernhardt, states, “The ISO certification especially helps new costumers to easily see prove of validated quality standards. Generally, we are constantly improving our quality management systems to offer our customers the needed services in substantiation of scientific argumentation.”

The ISO 9001 certification has become the global benchmark for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.
